

## Kitchen & Bath Design Services!

**FINALLY, a serviced specifically tailored for YOU, the remodeling and building professional:**

~Just provide us with a little information and we will create expert 3D views, elevation and floor plan specifications you can use to present a professional kitchen, bath or any other cabinet project to your client. No longer will you have to depend on your cabinet distributor's design ability and/or turn-around-time. Our services put the design and design tools in your hands allowing you to better close your remodeling/building project with your client while ensuring you have the ability to find the best possible cabinet/material price!!

- **OPTION 1** – Provide us with an existing cabinet layout/design where sizes and placement of cabinets are already selected and receive:  
**3D views, Elevations and a Floor Plan.**  
**\$75.00**
- **OPTION 2** – Provide us with room measurements (window, door and appliance placements) and we will design an attractive, fully functional kitchen for you and include:  
**3D views, Elevations and a Floor Plan.**  
**\$125.00**
- **OPTION 3 (BEST VALUE)** – Our seasoned design team will go on-site, measure and design an attractive, fully functional kitchen/bath and you will receive:  
**3D views, Elevations and a Floor Plan.**  
**\$275.00**

*~Although our design fee is minimal, keep in mind this small fee can easily be built into the overall project cost to your client!!*

*~Our staff has designed kitchens and baths in your neighborhoods for over 15 years!!*
